B. Special Session on PROBUS Global:

Pr. Dr. RHG Rau was the internal speaker of this session.

In the initial remarks, he said that in India the “National Elderly Policy” defines 60+ age group as elderly and the Indian Elderly population is showing a significant increasing trend. While in 2011 it was around 8.5% of total population, it went up to 10% by 2021 and is expected to increase to round 12% by 2026. However, appreciation of elderly’s contribution to society is diminishing, along with fading family bonds. With increasing application of Information Technology and the emergence of India as a technology leader, empathy towards elderly is getting a beating. He said it is time we consciously work towards “Age-Inclusive Society”. Networking among us is among the first steps.

He further said that his association with PROBUS Global of last few years is giving him confidence that we at Probus Club of Hyderabad can also work in that direction and share experiences among Probus Clubs in India and

also world over. He then shared highlights of Richard Furlong and Linda Metcalfe presentation at a Hybrid meeting on Thursday, 12th Jan 2023, at the invitation of the Probus Club of Prince Edward County, Canada, a 160 member Club.

Probus Global Presentation:

It covered the history of PROBUS Global formation, gave a gist of its Vision, Strategic Goals, its effort to promote International Communication System, through several initiatives including its own website “probusglobal.com”.

Attended by around 30 globally, the presentation brought out:

- a. The history of Probus Global dates back to 1965/66, when a Rotary offshoot in UK was conceived exclusively for retired Professionals and businessmen.
- b. By 1996, Informal Probus Network (IPN), a Chat Group, was formed with 13 members from Canada, New Zealand and Australia.
- c. In 2007, the name was changed to International Probus Network (IPN)
- d. In 2018/19, it was re-boot as Probus Global, with several new initiatives:
- e. Probus worldwide has 4500 Clubs and 3 lakh membership. Australia has 1500 clubs and 1.1 lakh membership, and the corresponding figures in UK are 1260 and 50,000, and Canada 250 and 38,000.
- f. PROBUS GLOBAL had only 35 members in 2019, but now has gone up to 1025 in 15 countries. A commendable growth for a beginner.

As PG Coordinators in India, both Ram and your editor have a lot to do, looking at the benefits the Indian Elders can get through local and global networking. Dr. Rau requested for the support from each Probian at PCH in this endeavour.

After extensive deliberations, it was decided that:

- a. The PCH members would be guided in applying for PG membership
- b. In the next MC meeting, the topic of developing a Website for PCH will be discussed
- c. Once again circulate the ppt presentation of PG dated 12th Jan 2023 among PCH members

Clouds show up with a rainy weather,
Peacocks dance with colorful feathers!
WHO TOLD YOU TO DANCE???

Leaves are turning red with shy,
WHO TOLD YOU TO CHANGE???

Wind is rustling with a pace,
Flowers happily move N swing,
WHO TOLD YOU TO FLOURISH???

Birds are flying as flocks,
They look like a row of flights,

3. FOR LEISURE READ

A. Ageing World:

“The World Social Report 2023: Leaving No One Behind in an Ageing World” is highlighting that globally the number of people aged 80 years or over is rising even faster than those aged 65 or above.

Further, the number of older people tripled from around 260 million in 1980 to 760 million in 2021; projected to top 1 billion in 2030 and surpass 1.4 billion by 2050.

In 2021, women outlived men by an average of 5.4 years and accounted for 56% of the global population aged 65 or above. By 2050, women will likely comprise a majority of the population aged 65 or above and 80 or above (54% and 59% respectively).

B. Remembering Kushwant Singh:

A beautiful poem by Khushwant Singh when he was 92

The horse and the mule live for 30 years,
And know nothing of wines and beers;

The goat and sheep at 20 die,
And never get a taste of Scotch and rye.

The cow drinks water by the tonne,
And at 18 is mostly done
Without the aid of gin and rum.

The cat in milk and water soaks,
And then in 12 short years it croaks.

The modest, sober, bone-dry hen
Lays eggs for others, then dies at 10.

All animals are strictly dry,
They sinless live and swiftly die.

But sinful, ginful, rum-soaked men
Survive for three score years and ten,

And some of them, though very few,
Stay pickled till they're 92!

So shed a tear, drink a beer,
Celebrate the past, toast the future and have a Happy New Year!

EDITORIAL

Dear Friends,

It gave me immense pleasure while drafting this News Letter. The last ten months of our Club Year have been quite eventful and enjoyable. We have decided that our Club, formed on 4th Sept 1998 and just moved into its Silver Jubilee year, needs greater dynamism with more fellowship activities in line with our constitution, objectives set-in, and By-Laws. We have returned to our physical meets with smile and good participation.

With our recent decisions to move ahead with increasing networking with other Probus Clubs, both in India and abroad, I am sure, Probus Club of Hyderabad will soon be a shining pro-active star in our country.

With Best Regards,

Dr. R.H.G.Rau
